

Laura Newton

MCSP, BSc (Hons)

Laura graduated from Keele University in 2004 with a degree in Physiotherapy BSc (Hons) and has over 13 years of experience in the NHS, mostly in the field of musculoskeletal physiotherapy. She has a wealth of experience in rehabilitation, both after injury and orthopaedic surgery. She has worked for Farndon Physiotherapy Clinic for the past six years and continues work for the NHS as a Clinical Specialist Physiotherapist in GP practice. She has a Diploma in Orthopaedic Medicine and is currently studying towards an MSc in Manual Therapy at Manchester Metropolitan University. Laura has been a member of the Jockey's Injury Management Team for several years, working at various racecourses treating horse racing jockeys with acute and chronic injuries. Her principle race course is Uttoxeter but also covers Bangor on Dee, Haydock and Aintree. She has a keen interest in sports and has ridden horses since a young age and competes in British Eventing, which gives her a valuable insight into riding injury and an understanding into the importance of rehabilitation following injury.
